SACHI A. HAMAI
EXECUTIVE OFFICER

**FISH AND GAME PROPAGATION FUND GRANT AWARDS
(SECOND SUPERVISORIAL DISTRICT)
(3-VOTES)**

SUBJECT

Recommending approval to award grant funds from the Fish & Game Commission to stock fish at the Kenneth Hahn Recreational Area, 4100 La Cienega Blvd., Los Angeles, CA 90058.

IT IS RECOMMENDED THAT THE BOARD:

Approve the Fish and Game Propagation Fund grant request in the amount of \$5,000 to stock fish at the Kenneth Hahn Recreational Area for the Second District Fishing in the City series, an educational program to introduce students to fishing, for two fishing events to be held during calendar year 2013, at Kenneth Hahn Recreational Area, 4100 La Cienega Blvd., Los Angeles, CA 90058.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Commission has determined that the grant request will promote education, conservation and the propagation of fish and game thus benefiting Los Angeles County and the State of California.

At its meeting held on April 11, 2013, the Los Angeles County Fish and Game Commission approved a grant request from the Second Supervisorial District, in the amount of \$5,000 to stock fish for two fishing events to be held at the Kenneth Hahn Recreational Area, 4100 La Cienega Blvd., Los Angeles, CA 90058, during calendar year 2013.

The Second District "Fishing in the City" series will serve as an educational program to teach students in grades third through twelfth how to utilize the County's natural resources. Furthermore,

students will be introduced to fishing and provided the opportunity for a hands-on experience that will enable them to learn the skills associated with fishing. The program will be recreational, instructional, and encourage sportsmanship and team-building.

Since 1952, the Commission has supported activities and projects that promote the best methods for the propagation and protection of fish and game in the State and County of Los Angeles. The stocking of fish at County parks and recreation areas supports this endeavor, by providing opportunities and encouraging the sport of fishing to the many residents within the community.

Implementation of Strategic Plan Goals

The provision of funding for these events is consistent with the County's Strategic Plan Goal No. 1 & 3 (Operational Effectiveness & Integrated Services Delivery). In addition to enhancing the community's knowledge and understanding of conservation and the propagation of fish and game, the events will provide a safe and healthy environment increasing accessibility to County cultural, recreational and lifelong learning facilities and programs.

Strategic Asset Management Principles Compliance

N/A

FISCAL IMPACT/FINANCING

There is no impact to the General Fund. The approved expenditure will be charged to the Fish and Game Propagation Fund, which has sufficient funds to cover the cost.

The Los Angeles County Fish and Game Propagation Fund is financed from a percentage of penalty assessments collected relating to fish and game code violations in Los Angeles County.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Section 13100 et seq. of the Fish and Game Code establishes guidelines for the expenditure of fines levied for fish and game code violations. It includes enhancing fish and game activities including protection, conservation, propagation, and preservation of fish and wildlife.

One Page Project Summary

The Second District Fishing in the City series will serve as an educational program to teach Second District students in grades 3-12 how to utilize our county's natural resources. Further, Second District students will be introduced to fishing and provide students with a hands-on experience that will enable them to learn the skills associated with fishing. The program will be recreational, instructional, and encourage sportsmanship and team-building. Utilizing the experience of Second District residents with knowledge in fishing, this program will provide an inter-generational partnership that will benefit each participant.

Background on Applicant:

Purpose and goals:

The Second District aspires to stimulate curiosity and inspire science learning in Second District students in grades 3-12. This program will serve to provide an educational experience that will teach students about our county's water sources and introduce them to fishing.

Brief summary of current activities:

The Second District supports a number of education programs including the Children's Defense Fund (CDF) Freedom School program. The Freedom School program is a six-week summer literacy program that seeks to address summer learning loss. It combines traditional classroom pedagogy with field trips and other learning opportunities.

Geographic area served:

The Second Supervisorial District includes the cities of Carson, Compton, and Inglewood. It also includes the unincorporated communities of Florence-Firestone, Lennox, and Athens. It is home to approximately 2 million residents.

Major sources and dollar amounts of corporate, foundation and government support during current and past fiscal year:

The applicant is a government entity. This program is a new program and has not received any additional funding support during the current and past fiscal year.

History of all grants received from the Los Angeles County Fish and Game Commission:

The Second District has not received any recent grants from the Los Angeles County Fish and Game Commission.

Project Information

Statement of justification of need:

There are limited opportunities for Second District students to learn about fishing and the preservation of natural resources.

Statement of purpose and goals:

The Second District aspires to stimulate curiosity and inspire science learning in Second District students in grades 3-12. This program will serve to provide an educational experience that will teach students about our county's water sources and introduce them to fishing.

Action plan to meet objectives:

Selected students will receive an educational presentation about fishing and the natural resources that fish inhabit. This presentation will include discussions that will prepare them for a hands-on experience fishing.

Statement of how the objectives advance the propagation and protection of fish and wildlife:

This program will serve to educate students about the ecological requirements of fishing. Increasing public awareness in this area will serve to protect the species and the ecosystems on which they depend.

Project budget and timetable:

We request \$7,500 to host two Fishing in the City programs and cover the cost of lunch and stocking the lake with fish. The programs are expected to be held in the Summer and Fall of 2013.

Sources of other support for project:

There are no other forms of financial support that have been identified to date for this program.

Current status of project:

The program is under development by the Second Supervisorial District.

Cash flow analysis of the expenditure of project funds:

Funding is needed prior to the commencement of the program in order to stock the lake with fish and provide lunch for the participants.

Proposed method of evaluating results:

An evaluation tool will be developed.

Plans for funding on-going project (if applicable):
